

ROBBERS KILLED BY MESSENGER

SIMPLE RUSE PERFORMED BY EXPRESSMAN.

Killed One Bandit With Mallet and Used Revolver on Another—Express and Mail Valuables Saved by Act.

San Antonio, Texas, March 13.—Two dead robbers and the saving of valuables carried in the express and mail cars of a Southern Pacific train were the results of the simplest ruse employed to day by David A. Trousdale, an express messenger.

Two bandits boarded the train at Dryden soon after midnight and covering the engine crews with guns compelled them to stop the train at a point ten miles away, and proceeded to ransack the mail and express car. One of the robbers, who held Trousdale at the point of a rifle in a corner, was ransacking the express car.

"I am not going to scrap with you all," remarked Trousdale, as he conversed with the bandit. "I'm not getting 'fighting wages'."

"Oh, all right," replied the bandit. "Then you fellows will have us get this stuff across the Rio Grande."

"Why don't you pick up that package?" casually inquired Trousdale, as he kicked a small box on the floor of the car. "It's worth more than all the stuff you've got."

The robber stooped, deceived by the ruse, to pick up the package. Trousdale grasped a heavy mallet and struck the bandit a full blow on the head. He fell over dead. There was no alarming outcry. Trousdale picked up the dead robber's gun and walked.

Meanwhile the second bandit had been working on the car ahead. When he completed his job he hurried to the express car.

"Frank," he called. There was no answer.

The robber swung himself aboard the car. As his form loomed in the doorway the messenger fired. The bandit tumbled to the ground dead.

The bodies of the robbers were put into a baggage car and the train proceeded.

Whatever the robbers took, was recovered, nothing was removed. Passengers knew nothing of the holdup until after both robbers had been killed. To night the sheriff of Terrell county is searching for a third member of the band supposed to have been posted near the holdup scene with horses. Near the point where the train stopped, tracks of horses were found leading to the Mexican border.

Howard was fined \$300 which he paid.

Scott was given a three months' sentence with a \$300 fine.

TO STRENGTHEN NEUTRALITY LAWS

PAN-AMERICAN COUNTRIES TO BE PROTECTED.

Resolution Passed by Senate Will be Flow to Revolutions and Proliferating Expeditions—Certain to Pass House Today.

Washington, March 13.—Revolutions, filibustering expeditions, or the promotion of domestic violence in any country in Pan-America hereafter may not hope for war supplies of any description from the United States. This principle, proclaimed to day in a concurrent resolution adopted by the senate at the instance of President Taft, is practically certain to be passed by the house tomorrow.

Though aimed primarily to meet the inadequacies of the present neutrality laws, to which the Mexican government called the president's attention, the resolution when put into effect will empower the president to prohibit at his discretion, through the issuance of a proclamation, the exportation of munitions of war to countries which the United States is at peace with.

Anticipating summary action by the house tomorrow, where Representative Burleson, of Texas, will take charge the measure, treasury and war department officials to night issued instructions, virtually halting of all shipments of arms into Mexico until the resolution is declared effective.

Loopholes for the violation of the neutrality laws, admittedly are many and professional promoters of revolutions in Latin-America through various devices have succeeded in evading the statutes. To eradicate this the president told the members of the senate foreign relations committee and the Texas congressional delegation early today that he required discretionary power to rule on individual cases or it would be difficult to maintain peace hereafter in Pan-America.

Sensor Root immediately framed a resolution give to the president comprehensive power and unambiguously the senate passed the measure.

To the Mexican rebels who captured Juarez recently with the sole purpose of possessing a port of entry through which they might import arms unrestrictedly, the resolution will prove a stubborn obstacle.

GAVE HIMSELF UP

Illinois Embezzler Surrenders to Officials at Seattle—Was Short \$3,000.

Seattle, Wash., March 13.—A well dressed man who said he was Elmer M. Crossnoe, 31 years old, formerly general manager of the Alexander Lumber company of Aurora, Ill., walked into police headquarters to day and said he was an embezzler and wished to surrender. He was locked up.

Was Short \$3,000.

Aurora, Ill., March 13.—Elmer M. Crossnoe, who surrendered to the police at Seattle to day, was manager for the Alexander Lumber company at Maple Park, Ill.

He disappeared nine months ago and an examination of his books showed a shortage of close to \$3,000.

The matter of his shortage was kept quiet, but a warrant for his arrest was issued. Nothing was heard from him until a telegram was received from Seattle this afternoon, telling of his arrest.

Chief of Police Michaels of Aurora will leave for Seattle to night to bring Crossnoe back to Aurora.

CHURCH KEEPS PROPERTY.

Des Moines, Ia., March 13.—Inability to name the president of the United States, the governor of the state or the day of the month, does not indicate mental incompetency, according to a decision today by the supreme court of Iowa.

John McCulley, a bachelor, gave two deeds during his life time to the United Presbyterian church at Winfield, for 749 acres of land. His collateral heirs sought to set the deeds aside on the ground that the old man was mentally incompetent.

They offered as proof the fact that he could not name the president of the United States, the governor of the state or the day of the month, but the evidence showed that he knew his age and could remember the personal events of his life.

WILL MAKE NO CONTEST.

Springfield, March 13.—United States Senator Cullom will make no contest against Secretary of State Rose's decision giving Senator Magill priority in the list of Republican candidates for United States senator. This was announced by one of Senator Cullom's local managers to day, who, while insisting the Cullom notation was first filed and therefore entitled to priority, no further contest would be made, as it would only cause more party strife.

He has thirteen letters in his name, as also have four of his brothers; he belongs to thirteen fraternal orders and has held thirteen public offices.

TRAIN PLUNGED INTO ICY RIVER

THIRTEEN KILLED, BUT NONE FATALLY INJURED.

Twentieth Century Limited, New York Central's Fast Train, Struck Broken Rail and Five Cars Left the Track.

Poughkeepsie, N. Y., March 13.—Thirteen persons injured, several seriously, but none, it is believed, mortally, sums up to night the casualties caused by the wreck of the first section of southbound Twentieth Century Limited, the New York Central's crack flyer, a mile south of Hyde Park, near this city, to day.

Running behind schedule time at an estimated speed of sixty miles an hour, and rounding a curve close by the banks of the Hudson, the train struck a broken rail and five cars left the track and plunged down an embankment into the ice covered river.

The thick ice prevented the cars from sliding into the deep water and thus saved many passengers from drowning.

All the passengers in the cars in the river were rescued without great difficulty. Planks were run out to the car windows and the passengers made their way ashore over these.

Those of the injured who were unable to help themselves were carried out, and all those requiring surgical attention were placed aboard other trains and rushed to New York city.

Many of the passengers related thrilling stories.

"It was the worst wreck I ever saw and the escape of the passengers was marvelous," said J. A. Bennett, a New York Central official of Chicago. "We can be thankful that we were in steel cars instead of old type of wooden ones."

W. A. Cameron of Chicago, a passenger in one of the sleeping cars, did not awaken fully until he felt the shock of the water. As he scrambled from his berth, he saw a woman in the berth next to him getting free. He went to her assistance and the two together reached the upper side of the car and Cameron, seizing a curtain pole from one of the berths, punched the glass out of one of the windows, through which they emerged to the open air and got safely ashore.

In all there were about 50 passengers on the wrecked train, and according to those at the scene at the time of the rescue nearly two score of them were pulled out of the water-logged cars.

PATENT DESISION

Rules of Supreme Court Prove Stumbling Block in Rehearing of the Case.

Washington, March 13.—Second thoughts have chilled the expectations of some of those who were looking to the supreme court to grant a rehearing of the patent monopoly decision last Monday.

The rules of the court are proving a stumbling block. They provide that a petition for re-hearing "will not be granted, or permitted to be re-argued, unless a justice who concurred in the judgment desires it," and a majority of the court so determines.

The problem is to find one of the four majority justices who will "desire" a re-hearing. Justice Lurton and Justice Vandever gave decisions in the circuit courts in conformity with the decision of the majority on Monday. Justice Holmes is said to have joined in a decision in the Massachusetts court which is in accord with the majority opinion.

This alone leaves Justice McKenna as affording hope of re-hearing.

Inasmuch as Justice Day did not participate in the case and Chancellor Pitney is still unworn, it is said, custom dictates that they not participate in consideration of a motion for re-hearing.

The defeated parties in the patent suit have not signified an intention to ask for a re-hearing. Chairman Morrison of the house patents committee announced that the committee would await the outcome of the proposed re-hearing before proceeding with the framing of a new law, contending that if the decision was reversed new legislation would be unnecessary.

LOOKS LIKE STRIKE

Anthracite Coal Operators and Mine Workers Cannot Agree on Wage Scale.

New York, March 13.—The anthracite coal operators and the United Mine Workers of America alike profess to night yielding adherence to their attitude concerning the miners' demands. The situation looks very grave and the indications point to a strike, President John P. White, of the miners, said. The operators say positively that they will make no concessions.

With the formal rejection of the miners' demands, and the counter proposition that the present agreement, which expires March 31, be continued for three years, the operators' committee of ten, adjourned this afternoon until Friday noon.

Adjournment was taken upon request of mine officials, who meantime will meet, consider the operators' reply and plan their procedure.

Their decision, it is expected, will be announced at the joint meeting "I can say this much," President White declared, "we will not make any modification of our demands. Beyond that I cannot tell what will happen."

The Maine will leave the harbor under tow and escorted by the North Carolina and the scout cruiser Birmingham, four Cuban gunboats and a flotilla of steamers carrying the cabinet officers, diplomatic reports, officials, various societies and the general public. NOT LIABLE FOR DEATH CLAIMS

DECISION IN FRATERNAL INSURANCE CASE.

Beneficiaries of Former Policy Holders in Fraternal Tribunes Cannot Collect From Northern Life Insurance Company.

Springfield, Ill., March 13.—Holding that the Northern Life Insurance company cannot be held liable for the death claims of the beneficiaries of former members of the Fraternal Tribunes, Judge Thompson to day announced in his decision in the case of Laura Clark et al. against the Fraternal Tribunes and Northern Life Insurance company at the conclusion of the trial before him in the Sangamon county circuit court.

The case involved approximately \$100,000, which it was claimed by the beneficiaries of the former policy holders in the Fraternal Tribunes was due in death claims. The court held that in taking over a part of the business at the insolvency of the Fraternal Tribunes, the Northern Life did not become liable for the unpaid death claims of members of the Tribunes. There were approximately 12,600 members of the Fraternal Tribunes at the time that company entered an agreement with the Northern Life company of Rock Island to re-insure their members.

Of this number only a small percentage re-insured in the Northern Life, and in the arguments of the counsel of the company, an endeavor was made to show that in taking in the former members of the Tribunes the Northern Life company was practically issuing new insurance.

The attorneys for the plaintiffs in the case gave notice to day that they will take the case to the supreme court for final decision. In their opinion, the decision of the court is practically the death knell to fraternal insurance societies. They contended in their arguments that the Northern Life should be liable for the death claims owing to the fact that knowing the circumstances and the financial conditions of the Fraternal Tribunes they agreed to take over what business they could secure.

LOBBY "TRUST" HIT

House Defends Measure in Which Lobbyists Were Too Active.

Washington, March 13.—After charges had been made that powerful lobby was at work to procure the adoption of the bill, the house to day defeated, 98 to 27, a measure permitting the Hydro-Electric company, a water power corporation, to lay a pipe line across part of the Mono National Forest reservation in California. Those opposed to the bill, declared it affected the laws governing the national domain and would result in virtually nullifying them. The waterpower trust, it was charged, was behind the legislation.

Minority Leader Mann, Representative Leever, of South Carolina; James, of Kentucky, and Lenoir and Cooper of Wisconsin, were among those who openly declared that they had been victims of the work of the lobbyists.

Mr. Leever displayed a telegram from a firm in his state asking him to withdraw his opposition to the bill. The cost of telegrams, he said, was \$40.

"People behind this bill," said Mr. Mann, "have spent thousands of dollars in lobbying and in trying to induce this house to break down the law that keeps government property in the hands of the government. Such actions as we have seen ought to concern the measure under consideration."

Representative C. B. Smith, of New York, contended, "that lobbyists were as thick as blackberries" and introduced a bill to compel the registration of lobbyists and require that all who employ lobbyists shall file with both senate and house, a detailed statement of expenses of their lobbyists.

ALL TECHNICAL MOTIONS DENIED BY COURT.

Chicago, March 13.—After denying a number of technical motions of the defense, Judge Carpenter this afternoon, at the request of the packers' attorney, court adjudge tomorrow morning, when, it is expected, the ten defendants charged with criminal violation of the Sherman law, will call their first witness.

Among the motions denied by the court were:

To discharge Edward Morris, president, and Louis L. Heyman, manager of the beef department of Morris & Co., because the indictments named Morris & Co. of New Jersey instead of Morris & Co. of Maine, as the corporation handling the fresh meat branch of the business.

To strike from the record the government's statistical exhibits, showing the number of cattle purchased and killed by the companies controlled by the defendants between 1902 to 1910.

To strike from the record testimony in reference to the purchase of stock in Schwarzschild & Sulzberger company and the New York Butchers' Dressed Meat company, by Edward Tilden.

To strike from the record the minutes of directors' meetings of the National Packing company.

To strike from the records the testimony of six government witnesses.

The packers and their counsel were in conference all day in an effort to agree on a plan of defense. It was said that the only thing agreed was a tentative understanding that none of the packers would take the stand in his own defense.

Domestic difficulties caused her parents, now dead, to separate when she was 15 years old, and Mr. Hawley made her a member of his household and eventually her position became that of a housekeeper.

PITNEY WILL BE SUPREME JUDGE

NOMINATION FINALLY CONFIRMED BY SENATE.

Vote on Question Was 50 to 20—Will Come to Washington Monday—Republican Senators Discuss Tariff Legislation.

Washington, March 13.—Mahlon Pitney, chancellor of the state of New Jersey, President Taft's nominee to succeed the late Justice Harlan on the supreme court bench, was finally confirmed today by the senate by a vote of 50 to 20.

Justice Pitney will come to Washington on Monday.

These Republican senators voted against Mr. Pitney's confirmation: Bourne, Bristol, Elyon, Cummins and Poindeexter.

These Democrats voted against him: Bacon, Bryan, Chamberlain, Calhoun, Gardner, Gore, Hitchcock, Johnson, Korn, Lea, Myers, Newlands, O'Gorman, Pomerene, Raynor, Reed, Salvey, Smith (Ga.), Smith (S. C.), Taylor and Williams.

The senate's consideration of Justice Pitney was in the fourth executive session it has had on his nomination and the vigorous fight against him because of his record in a glass blowers' strike case did not abate until the last moment. The session lasted two hours.

Senator Reed, who has been prominent in the fight against Mr. Pitney's confirmation, declared that former Senator Murphy of New Jersey was one of those backing the nomination. He assailed Mr. Murphy severely and charged that Justice Pitney had been endorsed by two members of counsel for the steel corporation.

Senator Briggs challenged Senator Reed to divulge the source of his information but he declined to do so. Justice Pitney's commission was signed as soon as the senate had confirmed him.

Tariff Legislation.

At an informal conference of Republican members of the senate, finance committee, today, Senator Cummins of Iowa urged that the Republican members of the senate enact legislation revising the wool, cotton, sugar and steel schedules of the present tariff law.

Senator Cummins favored free steel, iron ore and reduction of duties of other schedules. He said he believed this revision should be made without waiting for the report of the tariff board and gave notice that he would act independently if they insisted upon waiting for such reports.

The regular Republican members are insisting that no legislation affecting the tariff should be made other than that based upon tariff board reports.

The Peevish Child Needs a Laxative

It is natural for a child to laugh and play and when it sulkis drowsily or cries you may depend on it something physical is the matter. If you see no evidences of a serious ailment you will not be wrong if you quietly give it a dose of mild laxative that evening on putting it to bed.

The remedy most generally recommended for this purpose is Dr. Caldwell's Syrup Pepsin, which mothers throughout the country have been giving their children for a quarter of a century. Today thousands of families are using it where hundreds used it then, and there must be good reason for this word of mouth recommendation.

It is admittedly the perfect laxative for children, women, old people and all others who need a gentle bowel stimulant and not a violent salt, cathartic pill or doctored water. Dr. Caldwell's Syrup Pepsin will act gently, and when taken before retiring will bring com-

plete satisfaction in the morning. After a short use of this remedy all forms of outside aid can be dispensed with and nature will again act alone. All classes of good American people keep it in the home for its effect on the stomach, liver and bowels, and among the thousands who have written the doctor that they will never be without it are Mrs. L. W. Thompson, Pearl City, Ill., and Mrs. Ed. Bettoher, 273 N. Union St., Aurora, Ill. A dose of it has saved many a person from a serious illness.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

This means that in all likelihood 1,200 or more delegates will be here next March for three days.

Mayor Davis, Dr. Harker, William Newman, Frank Byrns, A. C. Rice and Thomas Cain are in Champaign and they presented such strong arguments to the directors that the vote to come to Jacksonville was almost unanimous.

In an effort to locate some of the Jacksonville party last night, the Journal found A. C. Rice at one of the hotels in Champaign and learned from him some of the details of the victory. The matter of selecting a meeting place for next year was up to the directors and when they met at the Beardsley hotel the Jacksonville men appeared before them to present arguments why Jacksonville should be chosen. First, Mayor Davis told how much Jacksonville desired the convention and made it plain that the city government would extend every possible courtesy to the convention. Mr. Rice then talked in behalf of the farmers and land owners near Jacksonville and afterward William Newman, president of the Business Men's association, told of the action of the association in arranging to do all possible toward getting the convention and assured the directors that Jacksonville was well qualified to entertain the delegates and that nothing would be forgotten in the preliminary arrangements. The principal speaker was Dr. Joseph R. Harker and he, in a characteristic speech emphasized the fitness of Jacksonville to play the part of hostess, told of the numerous advantages of the location of Jacksonville is such as to insure a successful convention. The eloquence and logic of the Jacksonville delegation was too much for the directors and they succumbed. Mr. Rice said last night that there are five hundred registered delegates in attendance at the convention and at least 300 visitors besides, and Champaign is a hard place to reach by rail with any convenience.

In the election of officers Fred Walbaum of Ashland was re-elected president and Mr. Rice was selected for the post of second vice president. The city administration and the Business Men's association are to be commended for their interest and activity in landing this convention and this success should be but the beginning of other successes along the same line. Jacksonville is well located from a railroad standpoint and has many attractions contributing to make it a desirable convention city.

(By Associated Press.) Champaign, Ill., March 13.—Legislative investigation into markets and new laws to remedy alleged inequalities in the inspection and grading of grain were demanded by the Farmers' Dealers association, in convention to day. A board of directors was asked to make satisfactory arrangements with the railroad as to shrinkage in transit and to discontinue filing claims for less than \$1. A permanent secretary to devote all his time to the welfare of co-operative elevators was recommended.

"There is either poor judgment or political intrigue in grading and inspecting grain in Illinois," was the assertion of George Brunskill, of Pontiac.

Officers were elected as follows:

President—F. C. Walbaum, Ashland.

First vice president—H. W. Demott, Washington.

Second vice president—A. C. Rice, Jacksonville.

Treasurer—J. B. Abbott, Mason City.

Directors—L. B. Olmstead, Somanauk; J. U. Surfee, Mason City.

WANT LEAGUE PRESERVED.

At the chapel hour at Illinois college yesterday there was a movement made to preserve the Prairie State league. John Phillips, a member of the basketball team, who went to Bloomington, spoke to the students on meeting representatives from Milledgeville and Wesleyan, who were anxious to keep the league intact. Robins Russell spoke in behalf of the movement and Leo Clowes told why the debate had been called off. Mr. Russell made a motion that the students appoint a committee to confer with the Quaternary association to see if some means could not be devised whereby the league could be kept alive. The motion carried and no further action was taken on the matter.

CALDWELL TO COME SATURDAY.

C. W. Boston, chairman of the Democratic County Central committee, has received a letter stating that Benjamin F. Caldwell, candidate for the gubernatorial nomination, will be here Saturday and will hold a meeting in the court house at 2 o'clock in the afternoon.

Building for Permanency

Everybody likes to build, but nobody likes "repair jobs." They inevitably represent an additional investment without any addition to value. That point is worth digesting.

When you build, whatever you build, you like to build "for keeps."

Some people change their minds about styles in building; the same as wearables; our tastes develop and result in changes in our wants, but nobody changes his or her mind as to wishing to get the greatest possible endurance

or wear out of the things they buy, and especially is this true of building investments.

Those who build for time have a care in the selection of lumber. We had this in mind in buying our extensive lumber stock and we would be pleased with a chance to give you a figure on whatever lumber bill you may have in mind. The prices named will be satisfactory and the **lumber qualities** will more than meet your expectations.

SENIORS WERE VICTORS

Won Basketball Tournament at Illinois College—Proceeds of Meeting to Trophy Room.

The members of the senior class basketball team of Illinois college had no trouble in carrying off the honors in the inter-class tournament, which was concluded Wednesday afternoon.

Seniors, 20; Senior Preps, 15. The first game of the afternoon was between the seniors and the senior preps. The seniors kept out some of their regular men, so that the game was really an interesting and exciting one, the seniors winning by a score of 20 to 15. The following was the line-up:

Seniors—Clowes and Vaughn, forwards; Hedgecock, center; Swain and Gummshelmer, guards.

Senior preps—Alford and Hunziker, forwards; Prins, center; Holmes and Darragh, guards.

Scores—Field baskets: Clowes, 2; Vaughn, 3; Hedgecock, 2; Swain, 1; Alford, 3; Prins, 1; Holmes, 1. Free baskets: Hunziker, 5; Hedgecock, 4.

The sophomores had no trouble in winning the second game of the afternoon, the score being 28 to 6.

The following was the line-up: Sophomores—Stottler and Buehelt, forwards; Turle, center; W. Russell and Dugger, guards.

Junior preps—Hill, Drury, and Magner, forwards; Goodman, center; Sooy and Land, guards.

Seniors, 20; Sophomores, 10. The championship game was between the seniors and the sophomores. The seniors had the advantage all through the meet in having members of their class in the regular college team. The score was 20 to 10 in their favor. The line-up:

Seniors—Phillips and Vaughn, forwards; Hedgecock, center; Swain, Noll and Clowes, forwards.

Sophomores—Stottler and Buehelt, forwards; Turle, center; W. Russell and Dugger, guards.

The proceeds for the meet will go toward the trophy room. It is possible that next year a regular tournament will be planned, which will run through the entire year, having a game every week and the winner will be given a handsome banner.

AT THE GRAND.

Theater patrons demand amusement and consequently the manager, playwright, producer and every exponent of the stage is constantly on the lookout for new ideas and new material. "The Cow Boy Girl" is one of those reliable plays made famous by Messrs. Kilroy & Britton and never before seen on one night stands; with new ideas and material making a clever production. At the Grand to night.

GIVEN SURPRISE PARTY.

Lloyd Caywood, who is the popular principal of the Lynnville public schools was given a complete surprise last night. The event was planned by Mr. and Mrs. William Coultas, of Lynnville, at whose home Mr. Caywood resides. There were 84 present and each one brought a more pleasant evening was ever spent by the citizens of the village and the various musical numbers added much to the evening's entertainment.

On of the pleasing features of the evening was the presentation of a \$10 gold piece to Mr. Caywood, who, at the time the hall was being fixed up had contributed some very pretty scenery painting to the large curtains and also the various signs of merchants of the village. The presentation speech was made by Miss Maggie Boston. Felix Moore was chairman of the committee who had charge of decorating the curtains and who secured Mr. Caywood to attend the evening.

It is doubtful if a more pleasant evening was ever spent by the citizens of the village and the various musical numbers added much to the evening's entertainment.

The magnificent ready-to-wear garments and millinery to be exhibited at Herman's unrivaled Easter opening, Wednesday, March 20, will eclipse all previous showings.

The music pupils of Miss Eloise Smith will give a recital at 8 o'clock to night in Grace church. The public is invited.

Further Arrangements Are Made for Lecture by Dr. Ravenal.

A meeting was held Wednesday afternoon at the public library to make further arrangements regarding the lecture, which is to be delivered in this city Thursday, March 21, by Dr. Maxzeck Porcher Ravenal of Madison, Wis. Those present at the meeting were the president and secretary of the Business Men's association, the Morgan County Medical society and the Medical club, the president and the chairman of the civics committee and the philanthropy committee of the Woman's club. Dr. Ravenal was formerly bacteriologist for the department of livestock in the state of Pennsylvania and was connected with the University of Pennsylvania. Dr. Ravenal has also made a complete survey of the state of Wisconsin regarding the prevalence and distribution of tuberculosis and has made a sanitary map of Wisconsin, which is undoubtedly the most complete made of any state.

WOODSON REVIVAL.

Evangelist Hougham Preaches on the "World's Greatest Battle."

Evangelist Hougham, who is conducting the revival meeting at Woodson, took for his text last night 1st Tim. 6-12, "Fight the good fight of faith, hold on eternal life, whereunto thou art also called, and hast professed a good profession before many witnesses."

The evangelist spoke of the great battle of human life, of right and wrong, of God on one side and the devil on the other. Both were bidding for supremacy in the human heart. Both were offering their reward, the devil a short life with similar pleasures, and God a big life here and an eternal life hereafter. Man is so constituted, said the speaker, that he can choose which life he wants to lead, which master he wants to serve.

Miss Taylor, who conducts the singing, gave a beautiful rendition of "The Books will all be Opened Over There." When the invitation was given there was one conversion. "Seed Time and Harvest." A feature of the evening's service will be the presence of the Orphean quartet of this city, who will give several selections. Each afternoon cottage prayer services are held. This afternoon the meeting will be held at the home of Dr. R. R. Jones.

GOT A FULL VOTE.

Even Though They Had to Go to Jail to Secure It.

That they had some rather advanced ideas as to the means of "getting out the vote" in New England a century ago is shown by an extract from Dr. Banks' "History of Marthas Vineyard." The voting, which occurred in 1807, was on the question of the removal of the county seat.

Extraordinary means were taken to get out a full vote in Edgartown. The sailing of ships was delayed for weeks so that their crews might vote, and on the day of the town meeting it was found that the contest between the two factions was to be close.

Some one suggested that there were several voters who, unfortunately deprived of their liberty, were languishing in the town jail, and if the jailer would kindly allow them to step across the street and vote it would consume but a few moments of the time the prisoners owed to the county. The jailer did not feel that he had the right to allow a general jail delivery even for such a worthy object, although it might save Edgartown.

It was then proposed that the ballot box be carried over to the gentlemen who were incarcerated. The point was then raised that all ballots must be cast in open meeting and in the presence of the election officials. Nevertheless astute minds found a way out of this awkward dilemma. A motion was made and carried that the meeting adjourn to the jail. There the ballot box was carried to the door of each prisoner's cell, and the imprisoned voters reached through the bars and deposited their ballots.

A BIBLE VERSE.

It Surprised the Boy Who Boasted of His Wonderful Memory.

A boy who had won a prize for learning Scripture verses and was greatly elated thereby was asked by a minister if it took him a long time to commit them.

"Oh, no," said the boy boastfully; "I can learn any verse in the Bible in five minutes."

"Can you, indeed? And will you learn one for me?"

"Yes, sir."

"Then in five minutes from now I would like very much to hear you repeat this verse," said the minister, handing him the book and pointing out the ninth verse of the eighth chapter of Esther:

"Then were the king's scribes called at that time in the third month—that is, the month Sivan—on the three and twentieth day thereof, and it was written, according to all that Mordecai commanded unto the Jews, and to the lieutenants and the deputies and rulers of the provinces, which are from India unto Ethiopia, a hundred, twenty and seven provinces, unto every prince according to the writing thereof, and unto every people after their language, and to the Jews according to their writing and according to their language."

The boy entered on his task with confidence, but at the end of an hour could not repeat it without a mistake and had to tearfully acknowledge himself defeated.—St. Louis Globe-Democrat.

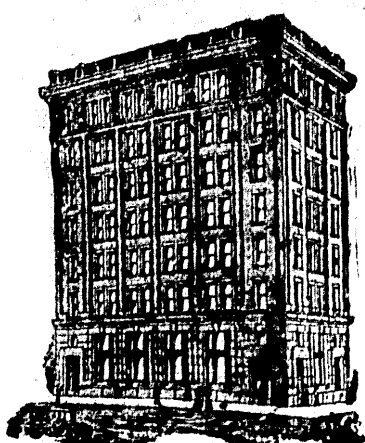

Tricky Lions.

Some of the most dangerous tricks of animals are those of simulating kindness. Charles Montague in "Tales of a Nomad" says that hyenas often follow lions and finish a carcass the moment the lions have left it. Sometimes, however, the hyenas are too eager and steal bits of meat while the lions are still at their meal.

"I have been told that the lion rids himself of the nuisance in the following way: He throws a piece of meat aside. When the lion is looking the other way the hyena dodges in and rushes off with the meat. Presently the lion throws another piece of meat, this time a little nearer. The hyena takes that also. At last the lion throws a piece very near indeed. The hyena, having become reckless, makes a dash at this also, but the lion wheels round and lays him low with a pat of his paw and a growl of annoyance."

DEATH CALLS
AGED RESIDENT

Mrs. Granville Ryman Passes Away
at Her Home Near Prentice at
the age of 82 Years.

Mrs. Granville Ryman of Prentice, one of the oldest residents of Morgan county, died Wednesday evening at 10:40 o'clock, at the age of 82 years. Mrs. Ryman had been complaining for the past two years, and had been confined to her bed most of the time since the first of January. There seemed to be a general giving away of the vital organs and for the past few days little hope was held out by the attending physician for her recovery.

Her maiden name was Nancy Turley and she was born in Kentucky, June 7, 1830, and came with her parents to Illinois, when six weeks of age. The family first settled near Arcadia and later moved to the old family residence, four miles west of Prentice, where Mrs. Ryman passed away. She was a member of the Eckman M. E. chapel and was the oldest member of that denomination. As long as her health permitted she took an active interest in church work. During her last illness she did not complain, but often expressed the wish to depart and be with her Lord. She was a woman whom everyone loved and held in the highest esteem.

Her marriage to Granville Ryman took place over 60 years ago and he passed away four years ago. They were the parents of twelve children, three of whom died in infancy. Those surviving are as follows: John, of Alexander; Mrs. Noah Smith of Ashland; Mrs. Ben Massey of Liberty, Mo.; Felix of Emporia, Kan.; Mrs. Charles Brown, Jacksonville; Mrs. Felix Turley, Franklin; Mrs. Charles Spiker, Sinclair; Frank at home; Mrs. Frank Long of Ashland. Funeral arrangements will be announced later.

Fire Insurance Folks.

A young Englishwoman introduced a new phrase to a New Yorker the other day. She had been telling of her home town, of its extraordinary sanctimoniousness, until her hearer asked, "Why, what sort of folks live there?" "Oh," she said, "they're all fire insurance folks."

It didn't seem that any one community could be made up of people in one line of business, and the hearer asked for an explanation.

"Why," came the answer, "fire insurance folks are returned colonists who lived abroad and have committed every crime in the calendar. Then when they get old they come and try to square up by living six years of the most painful plety. That's why we call 'em fire insurance folks.'" New York Sun.

The Seychelles Islands.

The Seychelles Islands form an archipelago of 114 islands and are situated about 1,400 miles east of Aden and 1,000 miles from Zanzibar. They rise steeply out of the sea, culminating in the island of Mahé, which is about 3,000 feet above the level of the ocean and is nearly the center of the group. All the islands are of coral growth. The houses are built of a species of massive coral hewn into square blocks which resemble like white marble.

Wanted Something Elaborate.

Mr. Coopers: Could you please look in your dictionary a minute, Eugene? I just want to find a couple of words to add to my lodge office. I want a few words to describe the place. I want to choose me grand high most worthy, exalted, and all that sort of thing, but it strikes me that sounds just a little bit cheap. Puck.

Generous.

Baron (to his valet)—Johann, I have received quite a large number of offers in reply to a matrimonial advertisement. I have selected one out of the lot, and here are the rest if you like to make any use of them.—From the German.

Closing Out All of Our Hosiery

The Watson Glasgow Co. (the makers of Kenlock Hose) have retired from business and we cannot in consequence secure orders.

This means that in a short time we would have only a broken stock of sizes and numbers.

Out stock is kept complete by reordering once a week. Rather than go through the season with either half a stock, or a mixed stock, which is almost as bad, we have decided to make prices that will close out our present brand at once.

This means the closing out of each and every pair of hose in the house. The "Kenlock" we have always considered one of the best on the market.

We are sorry to give it up, but there is another that we want to tell you about later on—but at present we want to get rid of the "Kenlock." Our Hosiery stock is now complete in every particular. The spring and summer numbers are here in Silk, Lisle, Gauze Lisle—all colors and sizes. Priced for this closing out sale:

All 10c hose, 7c, 4 pair for 25c. All 15c hose, 10c straight.

All 25c hose 19c, 3 pair for 50c. All 35c hose 25c straight.

We are negotiating with one of the best known manufacturers of Hosiery in the country. A full and complete line will be ordered irrespective of our Kenlock hose on hand.

All 50c Hose 39c, 3 pair for \$1.00 | All \$1.00 Hose 75c, 3 pair for \$2.00
All 75c Hose, straight..... 50c | All \$1.50 Hose, straight..... 95c

DEBATE DRAWS NEAR

Contestants Are Ready For The Forensic Contest of the Tri-City League.

The Jacksonville Tri-City debaters have practically finished their work in preparation for the forensic contest which will be held Friday night. Last night Prof. Cook, Prof. Bates and Miss Sylvia Peak debated the negative team composed of Harlan Williamson, Helen Wheeler and Edward P. Bulard, who will go to Springfield to debate the high school team from the Capital city. Nearly every member of the faculty was present to hear the debate and several other visitors. The team appears in good shape and should give the Springfield debaters, Donald Rockwell, Harry Richardson and David Shand, a hard tussle for honors. The affirmative team will meet Quincy here and as Quincy has two girls and one boy on the team, the chances look good for Jacksonville winning a double header.

The wording of the debate is "Resolved, That the adoption of the initiative and referendum by the state of Illinois as now provided by the state of Oregon would result in better state government (constitutionality granted)."

Basketball in Afternoon.

There will be no recitations at the high school Friday afternoon after 12:30 on account of the basketball game which J. H. S. will play with the Springfield team in Strawn's hall at 3 o'clock. The men in the lineup will include Tandy, Stewart, McLaughlin, Hale, Frey, with Boxell, Reeve and Maddox as substitutes. The members of the Quincy debating team will be guests of honor of the J. H. S. at the basketball game and visiting athletes will be guests of honor at the debate with Quincy in the evening.

OFFICERS ELECTED.

The stockholders of the Little Indian Elevator company held a meeting recently and found the company in a very creditable condition. Part of the business transacted was the election of officers as follows: President—Fred W. Virgin. Vice-president—C. W. Hoffstetter. Secretary-treasurer—John J. Bergan. Manager—Orland Virgin. The directors include the above officers together with Orville Hackman and O. H. Long.

Mrs. Ella Scott, residing northeast of the city, is confined to her home by illness.

HIGH IN STUDIES

Misses Minnie Hoffman, Lois Hayden and Sylvan Peak Are Honor Pupils at High School.

While the announcement has not been made at a regular meeting of the board of education, Misses Minnie Hoffman, Lois Hayden and Sylvan Peak have been chosen, on account of their high standing in their studies, as the honor pupils at the high school.

There has been considerable rivalry among the pupils for the coveted places and when the names were compiled it was found that several were in close competition, the three mentioned above leading in the order of their names.

These young ladies, by virtue of their standing, will be accorded places on the program at the commencement exercises, but just what particular part they will take will be announced later when the program of exercises is fully made up. The senior class at the high school this year is quite large and composed of some very brilliant young men and women, so that the recognition received by the trio is most commendable.

WITH THE SICK

Mrs. G. W. Scott is ill with the grip at her home on West College avenue. Her sister, Mrs. Edward Henry of East St. Louis, who is visiting here, is also sick.

Mrs. J. U. Day, who has been ill, is now improving.

Manuel Nunes, who is a patient at Our Savior's hospital, is getting along as well as could be expected.

Hubert Little of East College avenue is confined to his home by illness.

The condition of Mrs. Robert Bateman, who has been ill for some time at her home near Litchfield, was considered serious Wednesday.

Mrs. J. M. De Prates of North Diamond street was removed Wednesday to Passavant hospital, where she underwent an operation. Her condition is regarded as serious.

James McInnis, who was operated on recently for appendicitis, was able to be down town yesterday for a short time. However, he has not yet regained his health sufficiently to warrant his return to his store.

William Nunes, who has been sick in bed for six weeks, is now able to sit up and hopes to be out soon. He has had a bad attack of lung fever.

FATHER LEARNS OF SON'S DEATH

Further Particulars of Fatal Accident to Charles Miller Have Been Received—Body to Be Brought Here.

Further particulars of the accident to Charles Miller, Jr., who was fatally injured Tuesday night at Davenport, Iowa, have been received in this city. Late Tuesday night Charles Miller, Sr., father of the young man, received a telegram stating that his son was at Mercy hospital and was probably dying as the result of a fall under a train. The message was sent by C. W. Lacey, adjutant for the C. R. I. & P. Railway company. Early Wednesday morning Mr. Miller called his son Pat at Davenport by telephone and received the news that Charles had died and the remains were then in the hands of an undertaker.

Mr. Miller was a tinner and learned his trade in the shop of J. F. Brennan, this city, where he worked for four years, after which he went to Beardstown. He had been employed in Beardstown until a few weeks ago when he left for Keosauqua. The last week in January the young man visited his parents here and he told them when he returned that if he didn't do better, he was finding work he would come back to Jacksonville. His father got a letter Feb. 29 from him in Keosauqua in which he said that he was at work in a factory there. It is presumed that he left Keosauqua Tuesday morning for Davenport and was enroute when the accident happened, which caused his death.

Deceased was born in Jacksonville Dec. 29, 1886. He is survived by his parents, one brother, Arthur, of Jacksonville, one half brother, Pat, of Keosauqua, and a half sister, Mrs. Anna Kleyer of Hannibal.

The remains were expected to arrive at Beardstown last night and will be brought to Jacksonville this morning or this afternoon.

The ladies of the church served light refreshments and in every way the gathering was pleasant and profitable.

Sick Women

When shown positive and reliable proof that a certain remedy had cured many cases of female ills, wouldn't any sensible woman conclude that the same remedy would also benefit her if suffering with the same trouble?

Here are five letters from southern women which prove the efficiency of Lydia E. Pinkham's Vegetable Compound.

LETTER FROM VIRGINIA.

Elkton, Va.—"I feel it my duty to express my thanks to you and your great medicine. I was a sufferer from female troubles and had been confined in bed over one third of my time for ten months. I could not do my housework and had fainting spells so that my husband could not leave me alone for five minutes at a time.

"Now I owe my health to Lydia E. Pinkham's Vegetable Compound and Blood Purifier. Whenever I see a suffering woman I want to tell her what these medicines have done for me and I will always speak a good word for them."—Mrs. ROBERT BLANKENSHIP, Elkton, Montgomery Co., Va.

LETTER FROM LOUISIANA.

New Orleans, La.—"I was passing through the Change of Life and before I took Lydia E. Pinkham's Vegetable Compound I was troubled with hot flashes, weak and dizzy feelings, backache and irregularities. I would get up in the morning feeling tired out and not fit to do anything.

"Since I have been taking your Compound and Blood Purifier I feel all right. Your medicines are worth their weight in gold."—Mrs. GASTON BLONDEAU, 1541 Polymnia St., New Orleans, La.

LETTER FROM FLORIDA.

Waucho, Fla.—"Some time ago I wrote to you giving you my symptoms, headache, backache, bearing-down, and discomfort in walking, caused by female troubles.

"I got two bottles of Lydia E. Pinkham's Vegetable Compound and a package of Sanative Wash and that was all I used to make me a well woman. I am satisfied that if I had done like a good many women, and had not taken your remedies, I would have been a great sufferer. But I started in time with the right medicine and got well. It did not cost very much either. I feel that you are a friend to all women and I would rather use your remedies than have a doctor."—Mrs. MARTIN HOBBS, Box 406, Waucho, Florida.

LETTER FROM WEST VIRGINIA.

Martinsburg, W. Va.—"I am glad to say that Lydia E. Pinkham's Vegetable Compound has done wonders for my mother, daughter and myself. I have told dozens of people about it and my daughter says that when she hears a girl complaining with cramps, she tells her to take your Compound."—Mrs. MARY A. HOCKENBERRY, 719 N. 3rd St., Martinsburg, W. Va.

ANOTHER LETTER FROM VIRGINIA.

Newport News, Va.—"About five years ago I was troubled with such pains and bloating every month that I would have to go to bed.

"A friend told me to take Lydia E. Pinkham's Vegetable Compound and I soon found relief. The medicine strengthened me in every way and my doctor approved of my taking it.

"I will be glad if my testimony will help some one who is suffering from female weakness."—Mrs. W. J. BLAYTON, 1029 Hampton Ave., Newport News, Va.

S.S.S. CURES BLOOD POISON

No case of contagious blood poison is ever cured until the last particle of the virus has been removed from the circulation. The least taint left in the blood will sooner or later, cause a fresh outbreak of the trouble, with all its hideous and destructive symptoms of ulcerated mouth and throat, copper colored spots, falling hair, sores and ulcers, etc. No other medicine so surely cures contagious blood poison as S. S. S. It goes down into the blood and steadily and surely drives out every particle of the infection. It absolutely and perfectly purifies the blood, and leaves this vital fluid as fresh, rich and healthy as it was before the destructive virus of contagious blood poison entered the circulation. S. S. S. quickly takes effect on the blood, and gradually the symptoms disappear, the health is improved, the skin cleared of all spots, sores and other blemishes, the hair stops coming out, the mouth and throat heal and when S. S. S. has cleansed the system of the poison no trace of the disease is left. S. S. S. cures contagious blood poison because it is the greatest of all blood purifiers, tested and proven for more than forty years. Look on this disease with suggestions for home treatment, and any medical advice sent free to all who write.

STATEMENTS SHOULD BE PUBLISHED

Law Requires Publication of Financial Reports of Public Officers—Road Districts Clerk Frequently Overlook This Matter.

There are a few road district officers in Morgan county who each year cause to be published a statement of their receipts and expenditures according to law, but the majority of them fail to make such reports. In all cases no doubt clerks fail to do this because they have overlooked the legal requirements in the case. The law provides a penalty of from \$70 to \$500 for failure to make such reports. As a matter of information the following extracts from the law are quoted:

Section 174 of the Illinois Road Law—Itemized statement of receipts and disbursements—It shall be the duty of the district clerk as ex-officio treasurer to receive all moneys due the district and pay out the same as provided in section 34 of this act. He shall also on the second Tuesday of March, present to the board of commissioners of highways an itemized statement of receipts and disbursements, which shall be sworn to. The board shall carefully audit the accounts so presented, and if found correct, approve the same and cause such statement to be published as now provided by chapter 102 of the revised statutes.

Sections 9 and 10 of chapter 102 of the revised statutes refer to above read as follows: "Be it enacted, etc., That each and every public officer, elected or appointed, of each and every county and township of the state who shall by virtue of his office have the custody of public funds shall at the expiration of each fiscal year, prepare a statement of the amount of public funds received and expended by him or her during the fiscal year just closed; which statement shall show the amount of public funds, if any, on hand at the commencement of said fiscal year, the amount of public funds received and from what sources received, the amount of public funds expended and for what purposes expended; and the officer making such statement shall subscribe and swear to the same before some person authorized to administer oaths; and such officer shall cause such statement to be published in some newspaper published in the county in which such officer holds his or her office for one week; and if no newspaper is published in such county, then such officer shall make 3 copies of such statement and post them in three of the most public places nearest to the location of his or her office. Provided, that the provisions of this act shall not apply to sheriffs, circuit clerks, county clerks, county recorders, county superintendents of schools, county treasurers, county collectors, and township collectors in counties under township organization; and provided further, that the cost for the publication of such statement shall not exceed the sum of \$1 per hundred words to be paid out of the funds in the hands of the officer making such statement; and provided further, that said public officer shall not be required to have said statement published if he shall be unable to procure such publication at the price allowed by this act."

Section 10, chapter 102—Any public officer of any county or township in this state, who by virtue of his or her office, shall have the custody of public funds and who shall refuse or neglect to comply with the provisions of the first section of this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than \$50 nor more than \$500 at the discretion of the court which shall be paid into the treasury of the county or township in which the officer convicted of said misdemeanor or shall hold his or her office; and it shall be the duty of the state attorney for the county in which said misdemeanor is committed to bring suit against any public officer charged with the violation of the provisions of this act in any court having jurisdiction.

ITCHING EVERY MOMENT.
Distressing Eczema May Be Quickly Banished.

Try This Remedy at Our Risk.
Eczema is seen in so many forms that any itching eruption is almost certain to be this disease. In the acute stage the itching is almost maddening, as it does not give one a moment's peace.

Our new skin remedy, Saxon Salve was devised to meet the need for a really trustworthy and scientific treatment of skin troubles.

Saxon Salve not only stops the terrible itching at once, but also penetrates the skin pores, reaching the very root of the disease, with its healing germ-destroying power.

You will be both surprised and delighted to see how the eruption begins to disappear after the first few applications.

It is splendid for children as well as adults, and we give back your money if Saxon Salve does not satisfy you perfectly. Leo P. Allcott, druggist, Jacksonville, Ill.

Mrs. L. C. Henry, who had the misfortune to fall and break a leg not long since, is doing as well as could be expected and hopes before very long to be at her place of business.

ROOSEVELT HAS SPEECH READY

OUTLINES WHAT HE THINKS CHIEF ISSUE OF CAMPAIGN.

Will Be Delivered by Roosevelt at Opening of His Campaign in New York Next Wednesday—Beveridge Talks for Ex-President.

Oyster Bay, March 13.—Colonel Roosevelt last night finished the speech with which he is to open his campaign at Carnegie hall, New York, next Wednesday night. In it the colonel will take up the general subject of the control of governmental agencies by the people and outline what he considers the chief issue of the campaign. It is expected that this speech will constitute the reply which he said last week he would make to President Taft's address in Toledo.

A delegation of Vermonters took dinner with Colonel Roosevelt today and expressed the opinion that all of Vermont's delegates to the national convention would favor him. Colonel Roosevelt, however, was doubtful because he said the Republican organization is against them.

Talks for Roosevelt.
Indianapolis, March 13.—"The powers of pillage do not intend to let Republican voters nominate Theodore Roosevelt. These forces are not partisan. They are for any man of any party as against Roosevelt."

With this declaration former United States Senator Albert J. Beveridge denounced antagonists of the candidacy of Colonel Roosevelt for the presidency and praised his public policies in an address at a meeting to night in the interest of Roosevelt's candidacy.

"The instinctive judgment of the masses is never wrong," said Mr. Beveridge, "and the decree of supreme court of America, public opinion, is that the man who to day best represents that will being and uplift what the American people want, is he who has so bravely worked their will and achieved their purpose in the past, Theodore Roosevelt."

Declare for Roosevelt.
Washington, March 13.—The Roosevelt headquarters last night gave out a statement prepared at a conference of negro ministers in Washington, claiming to represent 400,000 negro voters, declaring for Roosevelt as the "friend of the negroes."

Publicity Man.
The appointment of Oscar King Davis, head of the Washington bureau of the New York Times, as general publicity man and assistant to Senator Dixon in the Roosevelt national headquarters, was announced today by Senator Dixon.

Don't Have to Wait for Weeks—A Jacksonville Illustration.

Waiting is discouraging. Prompt action pleases everybody. A burden on the back is a heavy weight.

Hard to bear day after day. Lifting weight, removing the burden.

Brings appreciating responses. Jacksonville people tell of it. Tell of relief that's quick and sure.

Here is a case of it: Mrs. Hannah Lausling, 802 North Diamond street, Jacksonville, Ill., says: "I have never taken any other medicine that has benefited me as greatly as Doan's Kidney Pills, procured at Armstrong's drug store. Several years ago when I was suffering severely from backache, I used this preparation and in a short time I was restored to good health. Another member of my family has also taken Doan's Kidney Pills and praises them highly."

For sale by all dealers. Price 50 cents. Foster-McBirn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

Mr. Capps very much appreciates the advancement and with his family will move about April 1 to Joliet where they will make their new home.

A regular meeting of Jacksonville lodge, B. P. O. Elks, No. 682, was held Wednesday night at which time the election of officers took place. There was a large attendance and the meeting was a very enthusiastic one.

WHY HE DOES IT.

Druggists Cooper & Shreve Give Reasons.

It isn't often that we have faith enough in the medicines put up by other people to be willing to offer to refund the money if it does not cure. said Druggist Shreve to one of their many customers, but we are glad to sell Dr. Howard's specific for the cure of constipation and dyspepsia on that plan.

"The Dr. Howard Co. in order to get a quick introductory sale authorized are to sell the regular fifty cent bottle of their specific for 25 cents and although we have sold a lot of it, and guaranteed every package, not one has been brought back as unsatisfactory."

Any person who is subject to constipation, sick headache, dizziness, liver trouble, indigestion or a general played out condition, ought to take advantage of this opportunity. If the specific does not cure them, they can come right back to our store, and we will cheerfully refund their money.

Anna Held's Opinion of An Automobile

Arthur Banker Motor Car Co. Seattle, Washington.

Gentlemen: I cannot help but say that the big, luxurious Oakland car that took me so easily and comfortably around your beautiful boulevard is the easiest riding American built car I have seen.

Of course, my foreign machines cost me thousands of dollars, but this is the first American built car that I ever thought of.

Respectfully yours,
Anna Held.

You will note by Miss Held's letter that she has had experience with foreign built cars which cost her thousands of dollars. You will also note carefully that the Oakland is the first American built car that she ever thought of the equal of the high priced foreign made cars. This is one of the best tributes that has ever been paid the Oakland, and, coming as it does from a woman who is in a position to judge of the comparative merits of high priced cars and medium cars, it should carry great weight.

SUCCESSFUL REVIVAL.
The Journal is in receipt of the following communication from Mrs. Lula Sloan about a successful revival which has been conducted at Elwin by Mrs. Anna Shively.

The greatest revival known in the history of the Elwin M. E. church is now drawing to a close under the effective management of the evangelist, Mrs. Anna C. Shively.

The meeting has continued for a month, during which time more than fifty converts have been added to the church. Two of them are men between the age of 70. Many others are middle aged. Many church members have been wonderfully blessed during the course of the revival, old feuds and grudges of many years standing being settled.

So great has been the interest and wonderful power shown that the meetings have frequently held until midnight. On one occasion several had gone to their homes and retired, when learning of the miraculous conversion of one man, they arose and returned to the church, praising and glorifying God. They remained at the church until 1 a. m.

School has been dismissed for the morning services and cottage prayer meetings have been held after services.

Mrs. Shively is a woman of wonderful power and intense spirituality. She leaves Elwin March 10, enroute to the west after four months active work in the evangelistic field. Mrs. Shively will stop in Jacksonville for several weeks' rest.

OREGON PLAN IS UNDER FIRE.

Arguments Made Before Supreme Court in University Referendum Case.

Salem, Ore., March 14.—Arguments were heard today before the state supreme court in the University of Oregon referendum case—a case which involves alleged frauds under the referendum phase of the "Oregon system."

Before the law appropriating \$500,000 for buildings and extensions of the University of Oregon at Eugene went into effect, petitions asking a referendum on the bills were filed with the secretary of state. Examination of the petitions by friends of the university is said to have disclosed frauds and irregularities sufficient to justify a suit to enjoin the secretary of state from putting the question on the ballot for next November.

Evidence introduced in the trial of the injunction suit in the circuit court indicated that the greater part of the 13,000 names on the petitions were secured by paid circulators at a few cents per name, and that in the case of seven circulators gross frauds were charged.

Two lists of names were secured, it is alleged, by hanging the petitions in a saloon in Astoria, and another list of 400 names from The Dalles is said to have contained the names of men dead for years. Evidence was so conclusive that the defendants of the petitions had to admit that 2778 names were fraudulent, being forged, and in addition some 4525 names were presented in a form declared void by a previous decision of the state supreme court.

Elimination of these names brought the number of unattached names below the limit required to call a referendum. The secretary of state, however, contends through counsel that a part of the 4525 names should be considered good—enough of these being claimed to insure the referendum.

The university won its case in the circuit court, the judge scoring the fraudulent means used in securing many of the signatures. In the brief filed on appeal, the university contends that even the names unattached by direct evidence should be looked upon with suspicion because of frauds admitted on the remainder

of the petition. The final decision in the case is awaited with keen interest by both the friends and opponents of the Oregon system of popular government. Among the notable outsiders who have manifested an interest in the proceedings are Governor Harmon of Ohio, Governor Wilson of New Jersey, and the Rt. Hon. James Bryce, British ambassador at Washington and author of "The American Commonwealth." From each of the three men named have come requests for copies of the briefs filed in the case.

When you want a reliable medicine for a cough or cold take Chamberlain's Cough Remedy. It can always be depended upon and is pleasant and safe to take. For sale by all dealers.

JOLIET WILL BE HOST.
The Elks' state convention will be held in Joliet, June 4, 5, and 6, during which time Elks of the state of Illinois will be guests of Joliet lodge, No. 269, and during which period they are assured of a royal welcome and general good time at that lodge. Members of the local organization will, no doubt look forward to this convention with a great deal of interest and many are planning to attend and enjoy the hospitality of the Joliet Elks.

REMEMBERS THE BIG SNOW.
Samuel C. Latham of Prentiss was in the city and called on Thomas Rapp to tell him he was right in his recollection of the date of the big March snow, which was March 27 and 28, 1876. Mr. Latham says he was working at the time for Keir Flynn and a daughter of Mrs. Lewis died and his father took the body to the cemetery for burial and had to ignore the roads altogether and actually drive over fences so deep was the snow in places. It went off soon, but was a big thing while it lasted.

Here is a remedy that will cure your cold. Why waste time and money experimenting when you can get a preparation that has won a world-wide reputation by its cures of this diseases and can always be depended upon? It is known everywhere as Chamberlain's Cough Remedy, and is a medicine of real merit. For sale by all dealers.

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heart-burn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion, or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at these will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of native American medicinal forest plants. Controversy Reaches Tribunal of Last Resort.

Concord, N. H., March 13.—The controversy over the will of Mrs. Mary Baker G. Eddy, founder of the Christian Science church, reached the tribunal of last resort of New Hampshire today, when final arguments which will extend over three days, were begun before the supreme court on the construction of the various clauses in the will.

The proceedings opened with the presentation of briefs by Robert Manning, counsel for the estate. It is alleged that the provisions of the will be questionable the greater part of the property to the directors of the Christian Science church in Boston is a violation of the statute limiting bequests to churches.

Arguments began with that of Hannus Taylor, of Washington, for the heirs and next of kin, in opposition to the allowance of the will, followed by DeWitt C. Howe of Concord.

The "Child's Welfare" movement has challenged the attention of thoughtful people everywhere, others are natural supporters and will find in Eddy's House and The Concord a most valuable aid. Coughs and colds that are unchecked lead to croup, bronchitis and pneumonia, yield quickly to the healing and soothing qualities of Eddy's Honey and Tar Compound. J. A. Obermeyer, City drug store.

J. A. Dadds of Concord was a Wednesday business caller in Jacksonville.

If your children are subject to attack of croup, watch for the first symptom, hoarseness. Give Chamberlain's Cough Remedy as soon as the child becomes hoarse and the attack may be avoided. For sale by all dealers.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair,
No Matter What Color.

The finest contour of a female face, the
most perfect outline of a female mouth, loses
everything if the hair is greasy, with
split ends, frayed and falling hair, if it
is known, is caused by a parasite that
crawls into the scalp to the root of the
hair, where it saps the vitality. The it-
chy white scales the germ throws up to
surrounding are called dandruff. To cure
dandruff permanently, then, and to stop
the germ, that germ must be killed.

Herpicide, an entirely new re-
sult of the chemical laboratory, destroys
the dandruff germ, and, of course, stops
the itching, itching, and prevents baldness.

LAI'D TO REST AT DIAMOND GROVE

Impressive Funeral Service in Mem-
ory of Joseph Heint.

Many friends gathered Wednesday
afternoon at the Heint residence on
Greenwood avenue for the funeral
services in honor of the memory of
the late Joseph Heint. His type of
manhood was plain and simple and
these qualities characterized the fu-
neral services.

Dr. R. O. Post, pastor of the Con-
gregational church, read the 90th
Psalm and then spoke of the charac-
ter of Joseph Heint, a man who he
had learned to love with passing
years he had gained an insight into
the depth and the strength of Mr.
Heint's character. The minister's
words were tinged with emotion as
he told of the kindred sorrow while
had brought him into a close per-
sonal relationship with the deceased,
for both some times met at Diamond
Grove when they had gone to look
again upon the last resting place of
beloved sons.

Dr. Post without words of fulsome
praise paid a tribute to Mr. Heint
with suggestive thoughts somewhat
in this vein: "Joseph Heint was a
man with the bark on, rough and
rugged, the exterior, covering up a
heart of great strength. He was not
reared in a greenhouse of opportunity,
but out in the world where
through the heat of summer and the
snow of winter he developed strength
of purpose and of character. He
fought his way up and along and
gained those experiences which are
almost vital for real life and soul
development, those experiences which
come only to those who accomplish
things in the face of difficulties. It
took no long acquaintance with Joseph
Heint for one to learn that his
character was grounded upon hon-
esty and that he believed and prac-
ticed honesty of the strictest type.
Honesty in this sense does not mean
the simple giving of dollar for dollar,
but with that, the according of
justice to every man, the giving of
what we call today, the square deal.

Beneath the bark Joseph Heint
had a big heart, a heart as tender as
that of a young mother. He seldom
showed that characteristic to the
world but I had not been with him
many times until I had a look into
that heart of his. Five years ago I
stood here to say the last few words
before we were to take his son Al-
bert to Diamond Grove and after-
ward we often met at the cemetery
where I had gone on a mission like
his own. One day he said to me:
"Mr. Post, you go too often, to the
cemetery. You and I ought to be
looking forward and not backward,"
and from that day our hearts touch-
ed."

"And above all Joseph Heint was
deeply religious. His religious spirit
and feeling was not manifest in the
common and usual forms. He had
no church affiliations, since his
early manhood, yet I know with cer-
tainty that no man in this room had
a deeper reverence for God than did
he. This man looked to God as the
author and finisher of all things and
saw in each flower and blossom a
manifestation of His wisdom and
power. So I say of Joseph Heint, he
was a man with the bark on, honest,
tender and religious."

Now the laborer's task is o'er,
Now the battle day is past;
Now upon the farther shore
Lauds the voyager at last.

Father, in thy gracious keeping,
Leave we now thy servant sleeping.

There the tears of earth are dried,
There the hidden things are clear;
There the work of life is tried
By a juster judge than here.

Father, in thy gracious keeping,
Leave we now thy servant sleeping.

When Dr. Post had spoken a word
of prayer the U. O. P. service was
carried out, Carl Weber serving as
noble grand and John K. Long as
chaplain. Mr. Heint had long been
a member of Urania lodge and the
bearers representing the lodge were
John W. Bowen, Stansfield Baldwin,
Mathew Minter, Fred Thies, R. E.
Crabtree and Herman Weber.

Hospitaler Commandery Knights
Templar then took charge of
the service and served as an
escort to Diamond Grove cem-
etery. There after the Templar com-
mittal service Dr. Post offered a
prayer. The Sir Knights acting as
bearers were J. F. Kltner, Henry
Knollenberg, John S. Hackett, J. W.
York, John M. Schaub and C. M.
Jouns. Floral offerings of unusual
beauty were cared for by Mrs. John
Clary, Mrs. E. L. Kinney, Mrs. John
Amisman and Miss Schureman.

Brown.

The funeral services of Mrs.
Charles Brown were conducted Wed-
nesday afternoon at 1:30 o'clock
from the Prentiss M. E. church, Rev.
C. E. French of Tallula officiating.
The church was not large enough to
hold the many friends who had gathered
to pay a last tribute of respect
to the dead. The flowers were ex-
ceedingly beautiful. There was one
bunch of sweet peas, which spelled
the word "sister," and a wreath bear-
ing the word "daughter," and other
appropriate designs. Floral offerings
came from the employees of the Chi-
cago & Alton, for which road Mr.
Brown works, also the Berea Chris-
tian church people and friends from
Roodhouse and Jacksonville sent
pretty flowers. These were cared for
by Mrs. George Dewees and
daughter, Lorine, and Miss Edna
Lewis.

Music was furnished by a quartet
composed of Mrs. J. G. Beuth, Mrs.
P. C. Wabbaum, W. S. Reardon and
Robert Daff. They sang "Jesus
Lover of My Soul," "Lead Kindly
Light" and "Somewhere, Sometime."

Burial was made in the Yatesville
cemetery and the bearers were Jesse
Smith and George Dunkel of Pleasant
Plains, Roy and Coy Stice, Car-
roll Robinson and Glenn Farmer.

D. C. Harrison of Havana was
among the business visitors in the
city yesterday.

BIRTHDAY PARTY.

March Anniversary Meeting of the
Woman's Relief Corps Was Held
Yesterday.

The March birthday anniversary
of the Woman's Relief Corps, No.
109, was held Wednesday afternoon
at the hospitable home of Mrs. Bell
Seymour, 223 North Clay avenue
and there was a very satisfactory at-
tendance. Although the sun was
shining brightly all day, reminding
one of springtime, the walking was
disagreeable, owing to the melting
now, which was rapidly disappear-
ing and which as water was run-
ning over the sidewalks.

The hostesses on the occasion
were the members of the Corps
whose birthdays fell in the month
of March and to whose lot it fell to
provide the luncheon. These ladies
were Mrs. Belle Seymour, Mrs. Jo-
phine Jaeger, Mrs. Mary Duvaan,
Mrs. George Taylor, Mrs. A. E.
Jobbs, Mrs. Henry Maul and Mrs.
Anna Vieira. Mrs. Maul, much to
the regret of all was detained at
home by illness and not able to be
present. The guests were Mrs.
James Harvey, Mrs. H. B. Jaeger,
Mrs. Jane Feltton, Mrs. Mary Salby,
Mrs. Alfred Jackson, Mrs. Emma
Schley, Mrs. Lulu M. Weakly, Mrs.
Jane Wyatt, Mrs. W. M. Pyrie, Mrs.
Fartha Day, Mrs. Mary F. Taylor,
Mrs. Eva Wells, Mrs. Anna Fergu-
son, Mrs. J. C. Weber, Mrs. W. H.
Jordan, Mrs. R. E. Pelham, Mrs.
Maria Taylor, Mrs. Marietta Mason,
Mrs. P. C. Taylor, Mrs. S. B. Gray,
Mrs. May Jordan and Mrs. Mabel
Duvaan and daughter Dorothy.

The afternoon was very pleasantly
spent in social converse and in
guessing contests. The winner of
the first prize was Mrs. May Jordan.
Luncheon, consisting of sand-
wiches, salmon salad, coffee, choco-
late and various kinds of cakes were
served and thoroughly enjoyed. Ow-
ing to the near approach of St. Pat-
rick's day the rooms were decorated
with green flags and shamrocks and
the colors of the corps, red, white
and blue.

The event was not only the birth-
month, but was also the birthday of
Mrs. Seymour, at whose home the
gathering took place.

EDUCATIONAL BULLETIN.

The range of salaries for the
heads and faculties of state-aided
institutions of higher learning in
the country is given in a bulletin
just issued for free distribution by
the United States Bureau of Educa-
tion. According to the bulletin the
highest paid head of any institution
of this class is the president of the
University of California, who re-
ceives \$12,000 a year and house.
The presidents of Illinois university
and Cornell university each receive
\$10,000 a year and house, while
the president of the University of
Minnesota gets \$10,000 without
house. From these figures, the
presidents' salaries run down as low
as \$2,100.

The salaries of the faculty mem-
bers range from \$50 a year for the
least paid tutor to \$6,000 a year
for the best-paid full professor, both
extremes being touched at Cornell.
The Bureau of Education's bulle-
tin shows that the United States
now contains exactly one hundred
universities and other institutions
of higher education, which depend
in considerable measure on the
state or federal government for
their support. Of these sixteen are
agricultural and mechanical col-
leges for negroes. Four of these
state-aided institutions have more
than 100 members on their facul-
ties, namely, the University of Cal-
ifornia, with a faculty of 421; the
University of Illinois, with 550;
Cornell university, with 652, and
the University of Wisconsin, with
486.

with backache and pains in my kid-
neys which were almost unbearable.
I gave Foley Kidney Pills a good
trial and they done wonderful for
me. O' day I can do hard day's work
and not feel the effects." J. A. Ober-
meyer, City drug store.

torpid livers.

Dr. Edwards' Olive Tablets do not
contain calomel, but a healing,
soothing laxative.

No gripping is the "keynote" of
these little sugar-coated tablets.

They cause the bowels and liver
to act normal. They never force
them to unnatural action.

It is easy to compel bowel and
liver activity for a time with calomel
and nasty, sickening, gripping castor
oil, but the after effects are danger-
ous, and the real cause of the trou-
ble is often not even touched.

Dr. Edwards' Olive Tablets are so
easy to take that children do not re-
gard them as "medicine" at all.

If you have a "dark brown
mouth" now and then—a bad
breath—a dull, tired feeling—a sick
headache—torpid liver and consti-
pated, you'll find quick, sure and
only pleasant results from one or
two little Olive Tablets at bedtime.
They're perfectly harmless.

Thousands take one every night
just to keep right. Try them.

"Every little Olive Tablet has a
movement all its own."

POINTERS FOR POULTRY RAISERS.

The following valuable pointers
are given regarding the care and
maintenance of oil-heated incubators
and brooders:

When filling the lamp, thoroughly
clean both lamp and burners, includ-
ing the perforated disc, the wick
tube and its vent and the hinged
cap inside and out.

See that true alignment of wick
tube and slot is never disturbed by
any injury to burner in cleaning and
adjusting. If flame strikes side of
burner slot, lamp will smoke.

Before removing lamp from heat-
er, turn down flame. Turn flame low
on replacing lamp, using a small
flame from ten to fifteen minutes;
then adjust it as may be necessary,
never turning high enough to smoke.

Feeding of Cut Hay.

White clover hay is the richest in
lime. Feeding clover is a preventive
of soft-shelled eggs. Cut clover hay
has helped revolutionize the poultry
business. Red clover hay contains
about 28 pounds of lime to the thou-
sand pounds. Scald the clover hay at
night, and keep it covered so it can
steam. See that the clover is cut to
2-inch lengths. When longer it is
apt to pack in the crop, causing crop-
bound.

Limber Neck.

S. E. M.: I have a fowl that jerks
its head as though to prevent swal-
lowing, turning the head sometimes
almost on the top of the back of the
neck. What is it and what can I do?

This diagnosis is very like limber-
neck. It is believed that it is caused
by birds eating decaying flesh or
starchy grains. There is little hope
of successful recovery. To treat,
give 25 grains of epsom salts to free
the bowels, feed on light easily di-
gested foods, and keep in a quiet
shady corner or coop. Worms will
sometimes cause actions very simi-
lar to those given above. Examine
the droppings for their sign and
treat with santolin.

Guinea a Good Table Fowl.

The guinea fowl is one of the wild-
est of all farm poultry, yet it has
enough domestication in its nature
to make a good home fowl. Being
wild by nature they wander over
wide areas and hide their nests and
they will practically raise themselves.
They will not thrive under close con-
finement.

The demand for guineas is said to
be taurant trade, and increasing rapid-
ly as epicures become acquainted
with the good qualities of the flesh.
The flesh has a delicacy of flavor ap-
proaching that of wild game, espe-
cially that of the prairie chicken,
with perhaps the guinea being the
more tender and juicy of the two,
and when young is far superior to
any other bird for frying or broiling.

Guinea for Pen House.

They may not be required during
the winter when the sunshine is
needed for warmth, but when the
sunny days come in the spring the
temperature is almost certain to run
high in the houses in the daytime,
thus giving a greater range of heat
and cold than is wise. Thick shades
can be provided for the upper sash
in the summer, while the lower sash
is removed entirely. And talking
about curtains brings us to consider
the windows themselves. How often
do we see the glass covered with
dust and—yes, mold—that it might
as well be frosted for all the sunlight
that can penetrate. To be sure a
hen house is a dusty place, but keep
dusters made of old rags tied on a
stick hanging beside the windows,
and brush them down every morning.

Who Can Answer This?

Jacksonville, March 13.

Editor Poultry Department:

Dear Sir—I am asking for infor-
mation through the columns of your
department. Why are hard-boiled
eggs considered such good food for
baby chicks? I have tried various
ways of feeding and have had a
greater mortality among the chicks
while feeding hard-boiled eggs than
in other ways of feeding. Can you
tell why? Why do the poultry
journals recommend it as such a
good food?

A. E.
Can some poultry raiser answer
this? We do not feed hard-boiled
eggs. Our method is not to feed
chicks until they are 48 hours old,
and then feed commercial chick
feed with plenty of fine grit, coarse
sand and charcoal, also dry bran be-
fore them all the time.

Hatching by Electricity.

Here's something from Muskogee,
Okla., the result of experiments con-
ducted by Norman B. Hickox, son of
Mr. and Mrs. Harry Hickox of
Springfield who holds a responsible
position with the public utility
plant in the Oklahoma city, says the
Springfield News.

This is the story Mr. Hickox con-
tributes to the Times-Democrat of
Muskogee:

"Miss Kilowatt Ampere White
Leghorn has made her, or his ac-
cording to the point of view as they
all look alike in the first stages any-
how, appearance in Muskogee.

"Miss White Leghorn is a chicken
and she is named from her, or his
mother, Mrs. Kilowatt Ampere. She
or he, was hatched under electric
light in the new Hastings 30,000 egg
hatchery on Third street, just north
of the Hinton theater.

"He, or she, has hundreds of lit-
tle brothers and sisters, and a few
of them were sent out to citizens as
samples of what a mother hen can-
not do. They have reached the stage
where they are known as squab-
brothers, not because they were born
near the Hinton theater, because
they are a different breed from stage
brothers.

"They have never seen the light of
day before being sent out and to say
that they were bewildered is putting
it mildly. They are electric light
brothers pure and simple and used to
the Great White Way.

"One citizen put his in the cellar
where there was no electric light and
where the light of day was the only
thing in the way of radiance. The
chick went around like a hen with
its head cut off and protested in all
kinds of chicken talk as forcibly as
a chicken can protest. As a result,

the owner of the house turned on
the electric light. The chick gave a
series of delighted chirps, tucked
his or her head under his or her
wing, and dropped off peacefully to
sleep. Who says a chicken hasn't
sense?"

Young Hickox explains that the in-
cubator mentioned in the story is
heated by gas and lighted and venti-
lated by electricity, and that it has a
capacity of 30,000 eggs.

He states that the charge for this
incubation is one cent per egg for
hatching, but that business has been
so good that the rate has been boost-
ed to three cents.

In regard to their new process he
writes: "Chickens are also raised
for market by incubator people, who
never see daylight until they are
four weeks old, being given eight
hour shifts of electric light and
darkness.

"Chickens grow faster and weigh
one-half pound more when four
weeks old, than when they are raised
the old way."

R. G. Collins, postmaster, Barne-
gat, N. J., was troubled with a re-
vere lagriphe cough. He says: "I
would be completely exhausted after
each fit of violent coughing. I
bought a bottle of Foley's Honey
and Art Compound and before I had
taken it all the coughing spells had
entirely ceased. It can't be beat."

J. A. Obermeyer, City drug store.

Mrs. M. Harris of Pisgah was in
the city yesterday and accompanied
home her daughter, Miss Volles, who
has been a patient at Our Savior's
hospital.

Headquarters for Farmers

It is now 27 years since I start-
ed in the farm implement and
vehicle business and I wish to
thank my farmer friends for
the patronage they have given
me in the past and I also ask
you to make your headquarters

longer I am in this business
the better I like it. I like it
for the reason that after so
long experience I know what
goods to buy to please my cus-
tomers—goods that are right

at high prices, but the best
goods at low prices. If you
want cheap goods I will order
it for you at prices as low as
you can buy it anywhere else.
My object is to please you and
please myself as long as I am
in business. This has been my
success. Call and see me when
you are wanting anything at
any time. Watch my ads in
this paper from time to time.
